# WINTER BREAK

## Dates

- **CAFETERIA CLOSES**  
December 9 after lunch
- RESIDENCE HALLS CLOSE**  
December 9 at 5pm
- **CAMPUS OFFICES CLOSED**  
December 23 - Jan 2 (Reopen Jan 3)
- **CAFETERIA REOPENS**  
January 9
- RESIDENCE HALLS REOPEN**  
January 9, check in from 9am-5pm

Pratt CC is wrapping up the Fall 2022 semester, gearing up for Final Exams December 6, 7 and 8 and preparing for cafeteria and residence hall closures to take place December 9, 2022.

Campus offices will close for Winter Break December 23 - January 2 and reopen January 3, 2023.

We will welcome students back to PCC in the new year as the cafeteria and residence halls reopen on January 9, 2023. Additionally, Spring classes will begin on January 11, 2023.

PCC wishes students, employees and families a safe, healthy and prosperous New Year. It's always a great day to be a Beaver!

## Pratt CC Hosts Tech Day Event

Approximately 185 people joined us on campus at PCC for our Tech Day event.

Tech Day is an opportunity to meet directly with PCC faculty, see our programs and facilities up close and ask questions.

Faculty and staff members from the following programs met with potential students and their families or teachers/counselors on Tech Day:

- Accounting and Business
- Agriculture
- Ag Power Technology (Diesel Tech)
- Allied Health (CNA, CMA, Home Health)
- Automotive Technology
- Electrical Power Technology (EPT)
- Information Network Technology (INT)
- Welding Technology
- Wildlife Outfitting and Operations (WOO)

Guests visited our live shops in Automotive, Ag Power and Welding to learn about what it's like to work in industry and see the hands-on work students are doing in class to train for the workforce. They also got a close-up look at the equipment used in class.

Barrett Smith from the Agriculture department spoke about the urgency and importance of keeping youth involved and working in the Ag industry, and discussed the multiple study paths available. Students also observed the spray rig simulator provided to PCC courtesy of Skyland Grain, and some were able to try it out themselves in an afternoon session with Lori Montgomery.

Allied Health Director Erica Meitler and Laurie Ackerman spoke about taking CNA, CMA and Home Health classes at PCC and took students on a tour of the lab facilities located in Chandler Hall.

The EPT session included a brief fitting for utility belts used in the program and a discussion about the importance of the equipment lineman use in industry. Instructor Jeff Hoffman also talked about industry working conditions, stating that "The power rarely goes out in nice weather."

INT instructor Chris Nelson asked attendees how many microprocessors they would guess they had in their pockets. It was discovered it's likely many more than two. Phones, credit cards, air pods, fitness watches, key fobs and many more items are all microprocessors because they contain chips. This also led to a discussion about job security when it comes to data protection, with many large companies named.

Students in the Accounting and Business session met with instructors Angie Tatro, Carol Ricke and John Patton and did an exercise with balloons. Each attendee's name was written on a balloon and they had to navigate around the room to find their balloon. The activity was timed to illustrate the importance of communication and teamwork in completing a task.

Welding instructor Daryl Lucas introduced the new Welding Technology shop to visiting students. A guided tour was provided at multiple work stations, with a demo and explanation of the machinery in the shop. Student projects were also on display for viewing, as well as work created for real clients by PCC Welding.

Tech Day concluded in the afternoon after having lunch, catered by Great Western Dining. Families who wished to stay longer to visit Financial Aid, Student Success or Residence Halls were invited to do so.

A drawing was held during lunch to choose the winner of a \$500 PCC scholarship, and the winner was Cash Tomberlin! Cash is a 2023 graduate from South Barber, KS who came to Tech Day to learn more about our Welding program. Congratulations Cash!

Individual tours are also available to those unable to make it to a Tech Day group event. We'd love to have you on campus! Set up a tour for any program on our website [prattcc.edu/tour](http://prattcc.edu/tour) or call 620-450-2217.

View the [full Tech Day photo album](#) on Facebook.

**\$500 PCC  
Scholarship Winner  
Cash Tomberlin.**  
*Congrats!*

# PRATT COMMUNITY COLLEGE **WELDING**

## **Pratt CC Hosts Open House at New Welding Facility**

Pratt Community College held an open house on November 15, 2022 to showcase the newly remodeled PCC Welding Technology facility. The shop is located in Pratt, Kansas in the Pratt Regional Airport Industrial Park in the space formerly occupied by Pioneer Tank and Steel.

A ribbon cutting was held shortly after remarks by Kent Adams, VP of Finance at PCC and PCC Welding faculty member and program lead Daryl Lucas. Lucas was instrumental in the many processes of bringing back the Welding program in 2021, obtaining the facility, getting it ready over the summer of 2022 and getting multiple equipment stations in place for classes to begin for Fall 2022. Lucas noted the support from his advisory board as instrumental in the program's growth and success.

Pratt Area Chamber of Commerce Executive Director Ashley Smith presented Lucas with a commemorative item to honor his efforts; a Mr. PCC Welding sash, which he donned for the duration of the open house.

Current PCC Welding students stole the show at the event. They performed work at each station in the shop, explaining the machines and answering questions from attendees. Completed student projects were on display for viewing, as well as work pieces created for real clients by PCC Welding.

The property also allows outside and inside space for a Forklift Certification course; in addition, the Electrical Power Technology (EPT) program uses the outside area as a practice driving course for students who are in the process of earning their Commercial Driver's License (CDL). Attendees were able to observe welding students demonstrate forklift driving on the course while EPT instructor Jeff Hoffman drove utility vehicles on the EPT course to highlight the property's use to other programs.

PCC welcomed officials from a large number of organizations within Pratt County and the State of Kansas.

Guests included City of Pratt Commissioners Zack Deeds and Jeanette Siemens, Pratt City Manager Bruce Pinkall, County Commissioner Tom Jones and PCC Board of Trustees members Ed Barrett, Eric Scott Killough and Mike Koler.

Pratt USD 382 leadership in attendance included Steve Blankenship, Tony Helfrich and David Schmidt. Officials from the Kansas Board of Regents (KBOR) Technical Education Authority (TEA) included Chair Ray Frederick and member Mike Johnson.

Joining us from the President's Advisory Council (PAC) were Jeremy Doggett and Chris Himmelwright.

Also joining us at the PCC Welding facility were Kansas Senator Alicia Straub and Representatives Susan Humphries, Michael Murphy and Gary White.

PCC Welding Advisory Board members included Keith Ray, Doug Ray, Pat Peterson, Shane Rose, Mike Pina, and future advisory member and graduate Ryan Rose.

PCC is pleased to introduce the Welding Technology program in its new location. In addition to instruction, PCC Welding forms partnerships with other local businesses to complete projects and operates a Steel Sales operation for student training.

To learn more about the Welding Technology program at PCC, visit our website at [prattcc.edu/weldingtechnology](http://prattcc.edu/weldingtechnology)

View the [full photo album](#) from the event on our Facebook page and [view a video](#) from the Welding Open House on our YouTube channel to see our students in action!

# PRATT COMMUNITY COLLEGE ELECTRICAL POWER TECHNOLOGY

## PCC Renews Articulation Agreement for Electrical Power Technology (EPT) Program

*Dr. Marlon Thornburg, CCC President- Ann Marie Vannoster, City of Coffeyville Mayor and Dr. Mike Calvert, PCC President.  
Photo credit: Ashley Tatman, Coffeyville Community College*

Pratt Community College has offered the Electrical Power Technology (EPT) program on campus at Coffeyville Community College for 12 years. The program was initially started in Coffeyville to help fill the need for a qualified workforce within the city's electric department.

The beneficial partnership between Coffeyville Community College, the City of Coffeyville and Pratt Community College is still going strong, and the articulation agreement between the three entities was officially renewed at a signing held at Coffeyville Community College.

PCC offers its outstanding lineman training program on the main campus in Pratt, as well as Dodge City and Coffeyville locations. PCC is proud to offer the training that continues to create a qualified, well-trained workforce in electrical distribution.

**Learn more about each of the career pathways within our [new EPTSS major at prattcc.edu/ept](http://prattcc.edu/ept) and contact [EPTAdmissions@prattcc.edu](mailto:EPTAdmissions@prattcc.edu) if you're interested in applying!**

# Student Life Activities at PCC

November brought a new calendar of activities, courtesy of Student Life. Students got to vote on the Drive-In Movie they wanted to watch. A large screen was positioned on the side of Novotny Hall and they tuned their car radios into Minions: The Rise of Gru. Pizza with the President took place at all of the residence halls. PCC President Dr. Michael Calvert brings pizza and meets with students in residence hall lobbies, where they are invited to voice concerns or comments. "Student Life Sleighs Christmas" is a popular event where they get to enjoy soup, hot cocoa and a group ride to Lemon Park to view the large drive-thru Christmas lights display.

# Phi Theta Kappa Holds "Pie Your Professor" Fundraiser

PCC's Phi Theta Kappa (PTK) honor society held a "Pie Your Professor" fundraiser throughout October and November 2022.

PTK invited students, faculty and staff to vote with bills and coins in the Linda Hunt Memorial Library, placing their money into the jar with the name of a desired candidate they'd like to see get a pie in the face. There are two lucky winners in the contest.

Candidate volunteers included PCC faculty members Carol Ricke, Jerry Thompson, John Patton, Angie Tatro and Kip Chambers.

The top two winners receiving the most votes to earn a pie in the face: Carol Ricke and Kip Chambers.

But in a pie day twist, Jerry Thompson was also recruited to "pie up".

PCC Student and PTK President Ethan Paris did the initial pieing of Ricke and Chambers, then the two pie-ees teamed up to give Thompson a pie in his face.

PTK sponsor Jason Ratcliffe revealed they were able to raise nearly double the amount raised last year. All funds raised support students in the honor society.

Read more about [Phi Theta Kappa](#) on our website. See [video of the pieing event](#) on our YouTube channel.

# PRATT COMMUNITY COLLEGE FALL INTERSESSION CLASSES

To enroll please see your advisor or visit [prattcc.edu/enroll](http://prattcc.edu/enroll)

## CONCEPTS AND APPLICATIONS OF THE EXERCISE SCIENCES

HPR 123 - PRATT ONLINE - 1E  
12/14/22 - 01/04/23  
3 CREDIT HOURS

This course presents key topics and current research in exercise physiology, biochemistry, anatomy, biomechanics, endocrinology, sport nutrition and sport psychology and discusses applications for the design of safe and effective strength and conditioning programs. A physical education course that is designed to provide the student with a combination of lectures that are research-based and accurate of the essentials of strength and conditioning and extensive exercise techniques that will prepare the student for the CSCS, NSCA exams and USAW Level 1 Sports Performance Coaching Course. This course is recommended for current/future athletes, teachers, coaches, administrators, officials and/or others involved in recreational or competitive activities and human performance.

## PSYCHOLOGY OF SPORT

HPR 125 - PRATT ONLINE - 1E  
12/14/22 - 01/04/23  
3 CREDIT HOURS

This course provides an opportunity to become acquainted with the many psychological aspects that coaches, athletes and spectators face in their involvement with sports. Emphasis will be given on the psychological and social dimensions of coaching, practice and competitive preparation and on the psychological traits common to specific sports and athlete personality. Psychology of Sport is a physical education course designed to provide the student with an understanding of the issues related in sport today. This course is recommended for current/future athletes, teachers, coaches, administrators, officials and/or others involved in recreational or competitive activities and human performance.

## PCC Men's and Women's Soccer Teams Reveal New Championship Banners

PCC Men's Soccer and PCC Women's Soccer teams unveiled their championship banners at half-time of the men's basketball game on December 3, 2022.

Beaver Nation is proud to add two more banners to the rafters of the Beaver Dome!! #DefendTheDam

Both teams as well as Men's Soccer coach Kevin Kewley and Women's Soccer coach Ashley Cordeiro were invited to the November Board of Trustees meeting to be recognized for their achievements this season. Kewley and Cordeiro were named KJCCC Coaches of the Year at the close of the season.

*Congratulations!*

Beaver Sports continued...

PRATT COMMUNITY COLLEGE

# TRACK & CROSS COUNTRY

## Beavers Compete At NJCAA Cross Country & Half Marathon Championship

The Pratt Community College Beaver cross country team traveled to Tallahassee, FL for the National Junior College Athletic Association Cross Country and Half Marathon Championship. The events were hosted over the weekend of November 12.

The sole female running for the Beavers was freshman Jamaira Ross. Ross finished 17 in the race with a time of 19:13:60 just two sports short of finishing her first season as an All-American. In addition, Ross broke her own school record she set back on September 30 at the Chile Pepper Cross Country Festival in Fayetteville, AR.

Sophomores Collin Turley and Crispus Atukwatse both competed in the men's 8K race for the Beavers. Turley finished 51 with a time of 26:59. Atukwatse finished his race in 139 place with a time of 30:38:10. Both runners also competed in the Half Marathon Championship which took place on November 15. Turley finished 34 with a time of 1:15:32 with Atukwatse finishing 58 place with a time of 1:18:58.

All three runners are currently preparing for the indoor track and field season which begins in January. You can see the full indoor schedule here: <https://www.gobeaversports.com/sports/track/2022-23/schedule>

Be sure to follow [Pratt Community College Athletics](#) on Facebook for results on Beaver Athletics!

**Sports Continued..**

## Beavers Compete with Butler in Saturday Afternoon Showdown

The Pratt Community College Beavers hosted the Butler Community College Grizzlies for a post-Thanksgiving showdown. The Beavers entered the game having lost to Hutchinson on Tuesday, November 22nd. On the other side, Butler entered the game undefeated coming off their third straight conference victory against Northwest Tech.

Over halfway through the first quarter, the Grizzlies had built a nine-point lead and ended the quarter with a ten-point lead 21-11. The Beavers were able to cut the Grizzly lead to double digits by halftime only being down 36-31. After an early run to start the third quarter from the Beavers, Butler was able to hold on to a 63-53 lead at the end of three. Pratt never gave up in the game and went on another run in the fourth quarter, but ultimately lost 84-75.

Freshman Isis Sanders had her best game in a Beaver uniform with 22 points. Princess Anderson had 18 points in the game while both Macy Hanzlick and Emily Acton had 11 points. Pratt only turned the ball over 12 times in the game and had 10 points off of turnovers.

### Coming Up: Spring 2023 PCC Athletic Hall of Fame Induction

**Inductees: Mike Babb, Tony Bennett, Tatiana Grant and Tina Tibbs**

When: Saturday, February 11, 2023 11:30am.

Where: Pratt Community College

Persons interested in attending the banquet may purchase tickets through the Pratt Community College Athletic Department. Contact Athletic Director Tim Swartzendruber at 620-450-2174 or email at [tims@prattcc.edu](mailto:tims@prattcc.edu) for more information.

## Pratt Struggles to Get Things Going Against Butler

The Beavers of Pratt Community College hosted the Grizzlies of Butler Community College on November 26. Pratt was coming off the brutal 120-118 thrilling loss against Hutchinson on November 22nd while Butler was coming into the match off of their first conference victory against Northwest Tech.

The Grizzlies jumped to an early 7-0 lead to start the game and Pratt was never quite able to reset from that. Through the nine-minute mark of the half, Butler held onto a ten-point lead and took a 37-24 lead into the locker room at halftime. The Beavers were able to pull within five points with 13:41 left to go in the game. That was the closest the Beavers would pull within as the Grizzlies cruised to a 75-57 victory.

Quintin Metcalf remained the Beavers leading scorer for the second straight game with 17 points and nine rebounds. The only other Beaver in double digits was Qai Kellman with 12. Pratt did manage to out rebound the Grizzlies 28 to 26.

### Where are they now?

In celebration of Feast Week on ESPN in November, here are the five former Beavers currently playing NCAA Division I basketball.

- Jamel Horton Jr. (Mississippi St.)
- C.J. Kelly (UCF)
- Zool Kueth (Tennessee St.)
- Cam Morris III (UMass Lowell)
- Nasan Ayala (Tarleton St)

## Intercollegiate Tennis Association (ITA) Juco Tennis Rankings

Congrats to the student-athletes included in the first ITA Juco Tennis Rankings of the season!

**#DefendTheDam**

**Sports Continued..**

## Pratt eSports Set to Begin Post Season Tournaments

The Pratt Community College eSports team has wrapped up their fall 2022 season back on November 18. They competed in seven games in the fall including Call of Duty: Vanguard, Rocket League, FIFA 23, Super Smash Bros Ultimate, Call of Duty: Warzone, Overwatch 2, and 2K23.

Both the Call of Duty: Warzone team and the 2K23 player advanced to the NJCAAe postseason tournament. The Warzone team ended their regular season 5-2 and the 2K23 player ended their season 6-1.

"Competing in seven games in my first semester as coach of the program was a big undertaking," said Head eSports Coach Charles Keefer. "Super proud of both the Call of Duty: Warzone team and our 2K23 player for advancing to the postseason tournament. All of our teams were competitive this season and showed improvement every week."

The Warzone team will start their postseason tournament on Wednesday, November 30. The team received the 25 seed in the tournament and will face the 8 seeded Northland Community and Technical College. With a win in the round one, they would advance to face the winner of either Madison College or Tallahassee Community College.

Freshman Christopher Whitaker will be starting his 2K23 postseason tournament on Friday, December 2. As the 8 seed he received a first-round bye and will face the 9 seed Hudson Valley Community College in the second round.

"Our Warzone team ended their season on a winning streak and we hope to continue that streak throughout the postseason," said Coach Keefer. "For Chris he has had a frustrating season with a few wins off of forfeits. He did end his season with a tough loss, but fought back in the match and had a few opportunities to win."

# PRATT COMMUNITY COLLEGE

## CELEBRATE DIVERSITY TEAM

### International Day of Persons with Disabilities

Inspired by the seventy-seventh session of the General Assembly opening on 13 September under the theme, "A watershed moment: transformative solutions to interlocking challenges", and in recognition that the world is at a critical moment in the history of the United Nations, it is time to act and find joint solutions in building a more sustainable and resilient world for all and for the generations to come.

The complex and interconnected crises facing humanity today, including the shocks resulting from the COVID-19 pandemic, the war in Ukraine and other countries, a tipping point in climate change, all pose humanitarian challenges of an unprecedented nature, as well as threats to the global economy.

Most often, in moments of crises, people in vulnerable situations such as persons with disabilities are the most excluded and left behind. In line with the central premise of the 2030 Agenda for Sustainable Development to "leave no one behind", it is crucial for governments, public and private sectors to collaboratively find innovative solutions for and with persons with disabilities to make the world a more accessible and equitable place.

The annual observance of the International Day of Persons with Disabilities on 3 December was proclaimed in 1992 by the United Nations General Assembly resolution 47/3. The observance of the Day aims to promote an understanding of disability issues and mobilize support for the dignity, rights and well-being of persons with disabilities.

The 2022 global observance to commemorate the International Day of Persons with Disabilities will be around the overarching theme of innovation and

transformative solutions for inclusive development, covering in three different interactive dialogues the following thematic topics:

Innovation for disability inclusive development in employment (SDG8): this dialogue will discuss the linkages between employment, knowledge and skills required to access employment in an innovative, rapidly changing technological landscape to all and how assistive technologies can increase accessibility to employment and be mainstreamed in the workplace.

Innovation for disability inclusive development in reducing inequality (SDG10): this dialogue will discuss innovations, practical tools and good practices to reduce inequalities in both public and private sectors, which are disability inclusive and interested in promoting diversity in the workplace.

Innovation for disability inclusive development: sport as an exemplar case: a sector where all of these aspects coalesce; sport as a good practice example and a site of innovation, employment and equity.

International  
Day of  
Persons with  
Disabilities

3 DECEMBER
